# Your expectations. Our goals.

- Understand the Internet and its Services
- Understand how the Web works
- Learn to design and implement a simple Web Site
- Hands-on HTML and CSS and Javascript
- Get in touch with HTML5 and the Responsive Web.

# Our expectations. Your goals.

- Active learning during the lectures
- “Use” the hyperlinks and resources for further understanding (learn and practice!)
- Learning by doing! (Do not learn by heart. You must understand the stuff and know how to apply it)
- Don’t worry, make mistakes and learn from them. Ask your colleagues and tutors for help.
